

Elefante Music & School for the Performing Arts

Hip-Hop Dance for Beginners

Hip-Hop Dance is a fun, athletic, expressive, and highly rhythmic dance style that kids just LOVE! It combines specific techniques, such as breaking, locking, and popping, with freestyle (improvisational) moves to make it the perfect dance vehicle for young people.

This class is for students with all levels of dance background (no previous dance experience necessary), since all of the students in the class will be new to Hip-Hop.

This energetic dance form builds stamina, strength, and flexibility. In addition, hip-hop is a dance style that's increasingly used in musical theatre.

Come and join us to pick up dance moves that will last a lifetime!

The class concludes with a performance at our Fall Recital!
